

Assessment Focused Learning Guide and Unit Outline Policy

1. Purpose

This policy aims to describe the basic framework of assessment-focused documentation related to the learning and teaching activities and assessments in units. Western Sydney University International College's (WSUIC) approach is to describe the learning and assessment requirements for each unit within two key resources - namely, the:

- Assessment Focused Learning Guide; and the
- Unit Outline

This policy describes the requirements for the preparation, approval and dissemination of these key resources.

This policy should be read and understood in conjunction with WSUIC's policies, including, but not limited to:

- POL 04 Assessment and Moderation Policy
- RULE 01 Student Misconduct Rule
- POL 06 Examination Policy
- POL 27 Course Design Approval Review and Discontinuation Policy

2. Scope and Application

This policy applies to all members of WSUIC and in particular to WSUIC Academic Staff whether full-time, part-time, sessional, casual or contractors.

3. Definitions

"Unit Outline"

A Unit Outline provides prospective students with clear and concise information about the unit of study that has been approved through WSUIC's approval process. The Unit Outline provides prospective students with information about what to expect from the unit. This includes information such as the Unit Name and Code, Unit Learning Outcomes, basic information on assessments such as assessment name, type and weighting and threshold requirements, the teaching session for which the unit applies, workload and credit points, prerequisites, co-requisites and assumed knowledge, attendance requirements, enrolment restrictions and mode of delivery.

"Assessment Focused Learning Guide"

Provides detailed information on a particular unit of study to current students to support them in their learning, consistent with the requirements. The Assessment Focused Learning Guide

endeavours to reverse the structure of a traditional learning guide by giving primary focus on learning outcomes and assessment. Broadly speaking, the structure begins with the Course Learning Outcomes and then the subset of those outcomes the particular unit addresses (Unit Learning Outcomes). The Assessment Tasks are then explained in the context of how they determine a learning objective(s) has been achieved. This explanation of assessment tasks should incorporate clear guidelines on what is required to succeed in the assessments and include exemplars as appropriate to ensure that students can see what a fail, pass, credit, distinction or high distinction look like. The learning methods content and resources that will enable them to complete assessments are then described.

4. Policy Statement

- 4.1 WSUIC is committed to making clear to students what they are expected to learn and how they will be assessed. The student-focused documentation framework for units will include the Unit Outline and the Assessment-Focused Learning Guide, ensuring clarity and alignment of course objectives, learning outcomes, and assessment expectations.
- 4.2 Assessment Focused Learning Guides and Unit Outlines are prepared for each individual unit offered by the WSUIC academic team and contain information that has been approved in accordance with POL 27 Course Design Approval Review and Discontinuation Policy. When changes to units are approved, the Unit Outline and Assessment Focused Learning guide is updated accordingly.
- 4.3 A Unit Outline is a public-facing summary of a unit for students interested in enrolling at WSUIC. Access to Unit Outlines is not restricted and they are therefore available to both current students and prospective students on the WSUIC Website. Assessment Focused Learning Guides are available to current students only, accessible through the WSUIC Learning Management System (Moodle). They are designed to provide current students enrolled into a unit with detailed information about the unit and access (links) to all resources required to be successful.

5. Procedures

- 5.1 Assessment Focused Learning Guides and Unit Outlines are developed by the academic staff responsible for the unit.
- 5.2 The Academic Director is responsible for ensuring that there are quality assurance processes in place for the approval of Assessment Focused Learning Guides and Unit Outlines. These processes should include (but not be limited to):
 - 5.2.1 Providing academic staff with an exemplar of an Assessment Focused Learning Guide and Unit Outline to use as an example of what is required; and
 - 5.2.2 Ensuring that each Assessment Focused Learning Guide and Unit Outline developed by academic teaching staff is reviewed as part of the Quality Assurance process by the relevant WSUIC Course Convenor and the Academic Director with final approval from the Academic Director.

- 5.3 Unit Outlines produced in accordance with this policy (as per the Unit Outline definition above) will be available on the WSUIC Website two weeks prior to the commencement of each session in which the unit is taught. Assessment Focused Learning Guides will be available a minimum of one week before commencement of each session in which the unit is taught.
- 5.4 The material included in the Unit Outline must be consistent with the Assessment Focused Learning Guide and Clause 6.
- 5.5 The material included in the Assessment Focused Learning Guide must be consistent with Clause 6.
- 5.6 Copies of all Unit Outlines and Assessment Focused Learning Guides will be archived in SharePoint by the end of each teaching session.

6. Assessment Focused Learning Guide and Unit Outline Structure and Content Requirements

6.1 Content requirements for Assessment Focused Learning Guide

Assessment Focused Learning Guides are to support students in their learning and assist to provide the optimum opportunity to achieve learning outcomes. It is critical for staff to actively engage with students about the content of their Assessment Focused Learning Guide on a regular basis throughout the session. The Assessment Focused Learning Guide should be structured as follows unless otherwise approved by the WSUIC Academic Director or Delegate:

7. Using Course Intellectual Property under the Licence Agreement with Shareholders

WSUIC uses Western Sydney University (WSU) Intellectual Property (IP) related to course and teaching materials for its own CRICOS accredited courses. WSUIC has entered into a Licence Agreement with WSU to use its IP as appropriate for its courses. WSUIC complies with the intellectual property right conditions of this Licence Agreement and does not claim ownership or independent rights to use this intellectual property unless specified in that agreement.

8. Quality and Compliance

- 8.1 This policy is reviewed periodically as required (at a minimum every two years) for regulatory compliance, operational currency, the identification of continual improvement opportunities and risk identification and mitigation. This review is reflected in WSUIC's Risk Management Frameworks.
- 8.2 This policy will be available on WSUIC website for students and the WSUIC SharePoint site for staff access.
- 8.3 Emails will be issued to all staff to inform and update them on any changes to the policy and/or procedures and guidelines.
- 8.4 New staff will receive policy information during the induction process where it relates to their position.
